

GP Publication of Earnings 2022/23

Practice

Accounts year end

Bushloe Surgery

31 March 2023

Report for Publication:

NHS England require that the net earnings of doctors engaged in the practice is publicised, and the required disclosure is shown below. However, it should be noted that the prescribed method for calculating earnings is potentially misleading because it takes no account of how much time doctors spend working in the practice, and should not be used to form any judgement about GP earnings, nor to make any comparison with any other practice.

All GP Practices are required to declare the mean earnings (e.g. average pay) for GPs working to deliver NHS services to patients at each practice.

The average pay for GPs working in Bushloe Surgery during the year ended 31st March 2023 was before tax and national insurance. This is for 1 full time GPs, 9 part time GPs and 2 locum GPs who worked in the practice for more than 6 months.

£ 81,415
