

If you are dissatisfied with the outcome

You can make a formal complaint via Leicester Leicestershire & Rutland ICB. If you would like help making a complaint, then NHS Advocacy is a free, confidential service which is totally independent of the NHS. You should provide as much information as possible to allow NHS England to investigate your complaint. The complaint will then be investigated and you will receive the findings of that investigation.

Please go to <https://leicesterleicestershireandrutland.icb.nhs.uk/contact/> for more information on how to complain.

Complaints Procedure

Making a Complaint

Most problems can be sorted out quickly and easily, often at the time they arise with the person concerned and this may be the approach you try first.

Where you are not able to resolve your complaint in this way and wish to make a formal complaint you should do so as soon as possible after the event and ideally within a few days, as this helps us to establish what happened more easily. In any event, this should be:

Within 12 months of the incident, or within 12 months of you discovering that you giving as much detail as you can.

If you are a registered patient, you can complain about your own care. You are unable to complain about someone else's treatment without their written authority. See the separate section in this leaflet.

A complaint can be made verbally or in writing. If you are visiting the surgery, please ask to speak with Sara or ring and request to speak with her. You may send a letter to the surgery for the attention of Sara Poultney or send an email to the address on page 1.

If you are making a complaint on behalf of someone else, you will need their written permission to do so.

Send your written complaint to:

Mrs Sara Poultney
Assistant Practice Manager
Bushloe Surgery
Two Steeples Medical Centre
Abington Close
Wigston
Leics, LE18 2EW

What we do next

We look to settle complaints as soon as possible.

We will acknowledge receipt within 3 working days and aim to have looked into the matter within 10 working days. You may then receive a formal reply in writing, or you may be invited to meet with the person(s) concerned to attempt to resolve the issue. If the matter is likely to take longer than this, we will let you know, and keep you informed as the investigation progresses.

When looking into a complaint we attempt to see what happened and why, to see if there is something we can learn from this and make it possible for you to discuss the issue with those involved if you would like to do so.

When the investigations are complete your complaint will be determined, and a final response sent to you.

Where your complaint involves more than one organisation (e.g. social services) we will liaise with that organisation so that you receive one coordinated reply.

We may need your consent to do this. Where your complaint has been sent initially to an incorrect organisation, we may seek your consent to forward this to the correct person to deal with.

The final response letter will include details of the result of your complaint and your right to escalate the matter further if you remain dissatisfied with the response.

Complaining on Behalf of Someone Else

We keep to the strict rules of medical and personal confidentiality. If you wish to make a complaint and are not the patient involved, we will require the written consent of the patient to confirm that they are unhappy with their treatment and that we can deal with someone else about it.

Where the patient is incapable of providing consent due to illness or accident it may still be possible to deal with the complaint. Please provide the precise details of the circumstances which prevent this in your covering letter.

Please note that we are unable to discuss any issue relating to someone else without their express permission, which must be in writing, unless the circumstances above apply.

We may still need to correspond directly with the patient or may be able to deal directly with the third party, and this depends on the wording of the authority provided.
